**CHARLOTTE REAL ESTATE**—

CHARLOTTE real estate offers wonderful possibilities to the investor. The big life insurance companies consider this city as one of the best in the country for mortgage loans. Practically all of them offer unlimited loans on business and residential property. Uptown business property has doubled in value within the last five years, while the business section has expanded from three to five blocks in every direction. One big real estate operator, engaged in the development of residential sub-divisions, states that no investor in his homes has ever sold at a loss. The building and loan associations are the strongest of any city of its size in the U. S. A., with combined resources of over \$14,000,000.00. Charlotte has never had a mushroom growth or "boom" period, but a steady, consistent increase in population, business activity and real estate values. Many fine suburban properties have been developed within the last five years and this activity is now greater than ever before. The taxable value of Charlotte property is \$200,000,000.00

## CHARLOTTE

—The Center of Southern Activity

**CHARLOTTE**—

—The Distributing Center of the Carolinas

**CHARLOTTE**—

—The Queen City of the South

**CHARLOTTE**—

—Says Come—Welcome Awaits You!—

## CENTER OF RICH TRADING TERRITORY

Charlotte's location in the midst of the region that is rapidly becoming the greatest industrial area in the South and one of the richest agricultural districts in the Nation makes it a trading center unique for its size in the U. S. A. It is also the center of population in the Carolinas,

Population within 25-mile radius (1920 Census).....	311,000
Population within 50-mile radius (1920 Census).....	583,000
Population within 75-mile radius (1920 Census).....	1,131,000
Population within 100-mile radius (1920 Census).....	1,972,000
Population within 150-mile radius (1920 Census).....	4,240,148

Three great metropolitan department stores—Ivey's Efid's and Belk's—attract shoppers from all over the Carolinas. There are numerous specialty shops carrying immense stocks of all kinds of merchandise and a total of more than 1,000 stores to select from in various lines.

## CHARLOTTE'S CLIMATE

Charlotte is located on the celebrated Piedmont Plateau with its healthful and invigorating all-year moderate temperatures, low relative humidity, and almost total absence of snow and ice. According to the official record of the local United States Weather Station covering a period of 44 years, the average year-round temperature is 60.0 degrees. Extremely high summer temperature or very low winter temperatures are practically unknown.

## LOCATION

Charlotte is strategically located in the very heart of the two Carolinas—the center of the most rapidly developing area in the United States. A network of hard paved State Highways spreads out in every direction; magnificent farming lands surround it; hundreds of great manufacturing plants are located in the wonderful industrial section of which it is the center; one of the largest hydro-electric developments in the nation has its main offices in the city and great power plants on nearby rivers. Charlotte is the *textile center* of the South. Charlotte is the *commercial distributing center* of a great area, including most of the two Carolinas and parts of Georgia, Tennessee and Virginia—one of the richest territories in the world.

## HIGHWAY CENTER

Hard Surfaced Roads of the most modern type radiate from Charlotte in seven directions, and in addition there is a fine network of gravel or sand-clay highways centering at Charlotte and maintained by Mecklenburg County. The National Highway crosses N. C. State Highway No. 20, Wilmington-Charlotte-Asheville—mountains to the sea. Safety Coach motor-bus lines with destinations Greensboro, Raleigh, Asheville, Winston-Salem, Columbia and Spartanburg, S. C., maintain regular schedules, affording luxurious highway travel conveniences. Shorter motor-bus lines maintain frequent schedules to all nearby towns and cities. America's greatest All-Year Scenic Playgrounds in Western North Carolina, "Land of the Sky," are easily reached over fine highways in three or four hours. One hundred miles to Pinehurst, N. C., wonderful winter resort.

## CENTER OF HISTORIC INTEREST

Charlotte and Mecklenburg County comprise a region rich in historic lore. The early settlers came in three waves—the Scotch-Irish from Pennsylvania and Virginia; the Germans from the same parts of the country; the English, Scotch, Germans, Huguenots and Swiss from the South by way of Charleston and Georgetown. Charlotte, named for Princess Charlotte of Mecklenburg-Schwerin, wife of George the Third, was incorporated in 1768. The citizens of Charlotte in convention assembled, electrified by the news of the Battle of Lexington, made the first declaration of independence from the British Crown, known as the Mecklenburg Declaration of Independence, on May 20, 1775. Cornwallis, while headquartered in Charlotte, named the town "The Hornet's Nest," on account of the activities of the Patriots, Andrew Jackson, seventh President of the United States, was born in Mecklenburg County, March 15, 1767. James K. Polk, eleventh President of the United States, was born at Pineville, just outside of Charlotte, November 2, 1795. Jefferson Davis held the last meeting of the Confederate Cabinet in Charlotte, April 20, 1865.
